GET IN CTRL WITH INTUITIVE DATA-DRIVEN DIGITAL SIGNAGE SOFTWARE

Your digital signage should be as smart as you are. With PADS4, it is.

A full-service digital signage platform that integrates your data to deliver next-level solutions. With seamless real-time functionality, you can program targeted, personal communication, based on real-time events.

Need more? The PADS4 SDK makes it easy to develop custom applications for every aspect of your brand. A full suite of tools that enables you to design, schedule, distribute, and view your content, from a single screen to a fully equipped networked environment of over 20,000 screens.

With PADS4 there's virtually no limit.

WE MAKE IT SMART

Connecting with data sources such as Microsoft Exchange, Microsoft Dynamics, SAP, room reservation systems and social media.

A COMPREHENSIVE SOLUTION FOR TARGETED DISPLAY COMMUNICATION

From simple welcome messages to real-time information on thousands of displays, PADS4 is the reliable software solution for all your digital signage applications.

PADS4 VIEWER

SMOOTH CONTENT PLAYBACK

Play your scheduled presentations perfectly with PADS4 Viewer. Delivery is crucial to your message, and PADS4 Viewer plays your presentations beautifully at the right moment.

PADS4 DESIGNER

DISPLAY YOUR CONTENT THE WAY YOU WANT

Create stunning presentations with endless possibilities and features, among using rich text, Youtube videos, Internet pages, PDF and live TV. Simply drag & drop your content into PADS4 Designer and compose an appealing presentation.

PADS4 Crystal CMS

WEB-BASED CONTENT MANAGEMENT SYSTEM

Update and manage display content via a secure web portal from any browser with the modules of PADS4 Crystal CMS. With full control over user access and rights, channels, and data sources, PADS4 Crystal CMS puts you in control of display rights and users.

PADS4 SCHEDULER

YOU DECIDE WHEN AND WHERE

Determine when and where to show your presentations and use PADS4 Scheduler to make it happen. Use the step-by-step wizard or drag & drop your presentation into the calendar. It's that easy.

PADS4 SERVER

FAST & EFFICIENT DELIVERY TO YOUR DISPLAYS

PADS4 Server delivers your content to the right displays in your digital signage network. From across the room to across the world, PADS4 Server is effective and efficient.

PADS4 AGENT

MONITOR YOUR NETWORK PERFORMANCE AND STATUS

With PADS4 Agent you can easily monitor your network status and performance. PADS4 Agent is the perfect tool to remotely inspect and manage network connections, memory usage, detailed system info, and more.

PADS4 DESKTOP COMMUNICATION

TARGETED DESKTOP COMMUNICATION MADE EASY

Extend your internal digital signage communication network to Desktop PCs, laptops and tablets with PADS4 Messenger and PADS4 Desktop Viewer.
